

IBAC Bulletin 04-01

Subject: ACAS II (TCAS II) Carriage Requirements - Europe .

This Bulletin is a reminder to business aircraft operators regarding the forthcoming 1 January 2005 Phase 2 implementation date prescribed for the carriage of ACAS II (TCAS II) by certain aircraft operating in European (including FIR Canarias) airspace.

The following is an excerpt from the Euronrol website:

"b) Phase 2. With effect from 1 January 2005, all civil fixed-wing turbine-engined aircraft having a maximum certificated take-off mass exceeding 5,700kgs, or a maximum approved passenger seating configuration of more than 19, will be required to be equipped with ACAS II."

For complete and additional details operators are encouraged to visit the Euronrol website at

<http://www.eurocontrol.int/acas/>

In particular please refer to the section regarding "Registration of ACAS II Compliance".
